We are hiring

Team Leader Data Acquisition

m/f/o

personal development

flexible working hours

We are looking to permanently strengthen our team at the location in Münster/Osnabrück Airport in Germany. AVT Airborne Sensing GmbH is a geomatics firm that specializes in aerial acquisition and processing, we belong to the AVT Group based in Imst/Tyrol. Would you like to join our team and be part of our success?

As team leader data acquisition you will be the key person and link between our growing aerial sensor portfolio, working within the team of sensor operators and communicate closely with our flight operations manager.

Job responsibilities:

- Organize and contribute actively to the success of the whole team
- Maintain and develop quality ensuring workflows for aerial survey tasks and advance innovation in airborne mapping
- Communicate with sensor manufacturers regarding development & maintenance
- Take part in project management and project preparation
- Airborne data acquisition / sensor operation during survey flight

Education / qualification:

- A bachelor's degree and at least 4 years experience in GIS, Remote Sensing, Earth Sciences OR a technical/electrical background and relevant experience
- Proven experience and understanding of Aerial Survey and Remote Sensing
- Solid practical experience in operating airborne mapping systems
- Excellent verbal and written communication skills in English and German
- In possession of a class B driving license

Personal skills:

- Enjoying a variety of tasks in a team
- Good communicator and organizer, be able to think and plan ahead
- Strong analytical and problem solving skills
- Openness to new technical developments and digital workflows
- Must be able to work both, independently and as a team
- Ability to travel within Europe

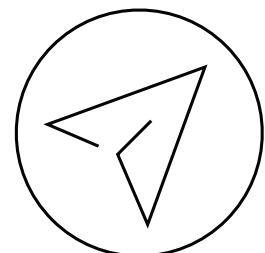

What we offer:

As part of our international team you will be working in a responsible job with the opportunity for personal development. Besides a permanent full-time contract and a collegial corporate culture within the AVT group, we offer a free public transport ticket for the attractive region of Münsterland and beyond. Flexible working hours can be arranged when possible.

Please send your application to:

avt.as@avt.at or contact us for further questions.
